NodeJS	MongoDB
SQL	PostgreSql
Heroku	Grunt
NPM	BootStrap
Sass	Handlebars
HTML	CSS

Education

University of North Carolina at Pembroke
B.S. Information Technology
Dec 2014

Interests

Football - Played every level except professionally.

Health & Fitness - I'm training my mind and body at least 5 days a week.

Entertainment - On my down time I'm at the movies, on Netflix, or if I'm lucky playing some Mario Kart with friends.

Summary

I'm a **Full Stack Developer**, with a Bachelors Degree in **Information Technology**. My background as a **Student Athlete** provides me a greater understanding of the value of **Teamwork** and determination that is vital to accomplishing goals. I'm looking forward to going from a team player to a team leader.

Experience

General Assembly :
Web Development Immersive
Sep 2018 - Dec 2018
Completed a 12 week, 480 hour Immersive program where I will developed, tested, and deployed 4 applications including 1 Front end and 3 Full Stack projects.

MARVEL COMICS
A **Full Stack** encyclopedia that connects with **MARVEL's API** allowing users to learn all about their favorite MARVEL characters! Utilizing **React**, **ReactStrap**, **JSX**, **JavaScript**, **Express**, **RESTful API** and **MongoDB**. Completed in a **3 day Sprint**.

Nozama (TeamProject)
An e-commerce **Application** allowing users to purchase products with their credit card through the **Stripe API**. A **Front End** and a custom built **Back End API** deployed on **HEROKU** utilizing a **Git Shared Repo**, **Express**, **MongoDB**, **JavaScript**, **jQuery**, **AJAX**, **Handlebars**, **HTML**, and **CSS**. I spent **75%** of my time **Pair Programming** on the **Back End**; from creating and deploying the **Back End** on **Heroku** to setting up the **RESTful API**. The other **25%** was spent on the **Stripe API** and **Documentation**. Completed in a **3 day Sprint**.

Comic Book Collector
A **Full Stack Application** allowing users store and manage their own comics in a custom built **Back End API** deployed on **HEROKU**. Utilizing **Ruby on Rails**, **RESTful API**, **SQL**, **JavaScript**, **jQuery**, **AJAX**, **HTML**, and **CSS**. Completed in a **4 day Sprint**.

Tic Tac Toe
A **Front End Client** allowing users to play **Tic Tac Toe** with a custom built game engine that communicates with a **Back End API**. Utilizing **HTML**, **CSS**, **Bootstrap**, **JavaScript**, **jQuery**, and **AJAX**. Completed in a **4 day Sprint**.

Target:
Electronics Team Lead
Jan 2017 - Sep 2018
- Managed two teams, consisting of ten team members of various experience levels, within three distinct departments (Electronics, Sporting Goods, and Toys).

Electronics Team Member
Aug 2016 - Jan 2017
- Helped drive sales by providing outstanding guest service by keeping up to date with new consumer technologies.

American Income Life Insurance Company:
Executive Administrative Assistant
Mar 2015 - May 2016
- Handled administrative and executive support related tasks, ranging from reception duties to organizing office operations and hiring on new employees.
